Summer Work Now In Effect

Preliminary arrangements have been completed and the program of summer activities started at the Catholic Community house on Barnum avenue. During the winter, clubs, both social and welfare, were formed for girls and women. Probably the biggest feature during the past ten months was the long line of educational classes which were carried on by volunteer teachers. The winter program was brought to a conclusion during the latter part of 1920.

The new order went into effect last Tuesday, July 5th. It provides for a number of welfare centers in various parts of the city, where Christian doctrine, manual training and sewing is taught. These centers will be open as follows: Monday, St. Mary's section, at the Catholic Community house; Tuesday, Sylvan avenue section, at the Sylvan Court casino; Wednesday, St. Augustine's section, in St. Augustine's hall; Thursday, Blessed Sacrament section, in Blessed Sacrament hall; Friday, the playground at the Community house will be open on Monday and Saturday, all day. At present, Miss Elizabeth Daley and Miss Mary Doherty, secretaries at the house, will be in charge, but within a few weeks a young lady, trained in playground management will be secured to look after the recreation.

WOMEN WILL MARCH TO BIG CONVENTION

It is expected that between four and five thousand women, wives, sisters and sweethearts of the members will make the visit to the Golden Gate City. The most comprehensive program ever undertaken by San Francisco to welcome a big national convention has been prepared. Mayor James Rolph, Jr., has appointed a committee of three hundred prominent men and women of all denominations to co-operate with the San Francisco Knights in welcoming the thousands of visitors who will attend the convention.

The city will signalize the period of greatest growth and most intense activity ever experienced by the organization.

GOVERNOR INVITED TO BIG PAGEANT

Boston, Mass., July 7.—Invitations to attend the opening performance of the Plymouth Pageant, "The Pilgrim Spirit," on July 13, have been extended to Governors of every State in the Union, according to an announcement made today by William Carroll Hill, secretary of the Pilgrim Tercentenary Commission. The invitations have been sent out, Mr. Hill said, in the name of His Excellency the Governor of the Commonwealth of Massachusetts and the Pilgrim Tercentenary Commission.

Governor Cox and the Council of Massachusetts will attend the opening performance, Secretary Hill announced, and also the Legislative Committee on the Pilgrim Tercentenary. The Commission has officially designated the opening night as "Governor's Night," "President's Night" will be August 1, when President Harding, Vice President Coolidge and other notables have accepted an invitation from the town of Plymouth to witness the pageant. The presidential party is expected to come to Plymouth on the "Mayflower," escorted by United States and foreign warships.

Special invitations to the first performance of the pageant have been made to the 33 cities of the Commonwealth of Massachusetts, most of whom are expected to avail themselves of the opportunity to take an official part in paying honor to the founders of the Commonwealth by attending Plymouth's mammoth tribute to the Pilgrim Fathers.

Reservations for all these bodies and also for the 47 Governors of other states in the Union have been made in the grandstands which are built to accommodate 10,000 people.

The cast for the pageant, which is written and directed by Prof. George P. Baker of Harvard, numbers 1400 people, all of them residents of Plymouth and the neighborhood. The majority of the Pilgrim parts are taken by members of "Mayflower" families but fully 60 per cent of the large cast, according to Prof. Baker, consists of "latter-day pilgrims," that is New Americans from Italy, Portugal and other European countries.

FRENCH AGAINST BOLSHEVISM

Paris, July 7.—The French government has taken the offensive against the Bolshevist propaganda in educational institutions. Leon Beaud, Minister of Public Instruction, has issued a circular in which college professors and public school teachers are warned against the promulgation of extremist ideas in their work. "Republicans, France," he says, "can not look with indifference upon a propaganda that recommends violence and the suppression of universal suffrage with the consequent annihilation of national representation and liberty."

There has been noticeable since the extremist agitation became active throughout France that the Communist forces were recruited principally among youths and young men from 15 to 25 years of age. Some have inferred from this fact that boys did not come out of the public schools or colleges with healthy ideas of government.

Some of the most violent extremist agitators have been public school teachers.

DEMISE OF MARRIAGE IMMINENT, SCIENTIST AVERS--WARNS THAT WOMEN WILL RULE ALL NATIONS IN ERA OF LOW INTELLECTUALITY

Paris, July 7.—Old maids are going to rule the world within another generation and when that happens all sensible men, looking for happy existence, will try to flee this earth and try out the planet Mars.

This is the opinion of Professor Girault, probably the best known French authority in political economy, who has just addressed his beliefs to the University of Poitiers.

"Women are going to assume leadership, particularly in Europe, for the next hundred years," says Professor Girault. "This does not mean that civilization is becoming effeminate, nor does it result simply from the fact that women will be numerically stronger. But there are too

many women for the marriageable males and hundreds of thousands of them are being compelled to make ill-assorted marriages in which the man, in nearly every case, is the weaker partner.

"In that way women are gaining the ascendancy and it is a certainty that any society ruled by women will lack intellectual courage, logic and initiative. Women married to men who are their inferiors will become embittered with life. Their experience will discourage other women who are thinking of marriage. Presently we will find a whole body of women, with a large and active majority of unmarried women controlling things, and men will have a very unhappy time."
